

Kalene Csefalvay

kalenenc@gmail.com

My objective is to become a Javascript developer at a Sparkbox, a company that's piqued my interest and passion for well over a year now. As a developer there, I plan to build dynamic, exciting, and challenging web applications, continuing to learn more everyday.

Experience:

Web Developer at Carney | February '17 - Present

- Develops functional and appealing web-based applications
- Translates the UI/UX of wireframes to visual elements
- Provides website maintenance and enhancements using front-end technologies as well as utilizing Wordpress and Rails for database needs

UI Developer Contractor at InvolveMINT | February '17 - May '17

- Implemented designs with code using HTML/CSS and Angular for local startup
- Attended weekly meetings to gather feedback and foster collaboration
- Helped design wireframes for company's application using Photoshop

Organizer at Girl Develop It Pittsburgh | - Present

- Organizes classes and social events for the Pittsburgh chapter
- Helps coordinate logistics and sponsorship needs for events
- Acts as teacher/teacher assistant for classes

Freelance Web Developer | Jan '16 - Present

- Develops/codes fast, responsive, accessible websites for clients in a timely manner
- Designs website wireframes, creates simple graphics/designs as needed in Photoshop/Illustrator

Technical Support Specialist at Zoll | Mar '16 - September '16

- Provided troubleshooting via phone to client questions/concerns/complaints

Registered Nurse at UPMC | Jun '15 - Dec '15

- Implemented comprehensive nursing care and education to 4-7 patients each shift on medical-surgical hospital units

Skills:

JavaScript, React.js, Angular.js, jQuery, HTML, CSS, BEM, Wordpress
Rails, PostgreSQL, .NET
Photoshop, Illustrator

Education:

Carlow University, Pittsburgh PA | '11 - '15

Bachelor of Science in Nursing. 3.7 GPA.

Interests:

Birds, bodyweight fitness, Girl Develop It, memes, doodling.
